SharkSkin™

THE ULTIMATE IN WATER-REPELLANT SCUFF-RESISTANT PROTECTION

Deck & Siding

SOLID HIDE ACRYLIC URETHANE WOOD STAIN

WATER-REPELLANT • SCUFF-RESISTANT • MADE FOR CANADIAN CLIMATES

The Very Best for Decks & Siding

Designed specifically for Canadian weather climates. Sun-drenched Summers and tough Canadian Winters - from wet coastal Vancouver Island through the frigid temperatures, snow and ice through Alberta, into the Prairies and Eastern Canada, SharkSkin™ Deck & Siding stain was developed to withstand these wide ranging conditions using the latest hybrid waterborne alkyd technology. Home owners and professional applicators alike can rest assured that decks and siding remain protected and beautified with SharkSkin™ stain, that provides superior adhesion, durability and resistance to cracking, peeling and blistering.

THERE'S NOTHING TOUGHER!

What Makes SharkSkin So Tough?

A shark's skin is made of a matrix of tiny, tooth-like scales that act as armour and provide the shark with the lowest friction so it can glide through the water with the highest efficiency. As an inspiration for the creation of the 'ultimate' in deck stains, Cloverdale Paint looked to this skin structure to develop its unique SharkSkin™ formula, which cross-links a 100% Acrylic Resin providing protection from weather and UV rays, with Urethane for toughness and water-resistance, and the wood-friendly characteristics of Linseed Oil that penetrates and 'anchors' the stain into the pores of the wood.

6/20 Year Guarantee

Cloverdale Paint warrants its 724-series SharkSkin™ Deck & Siding stain for 6 years on decks and 20 years on siding against cracking (except where the underlying wood has cracked) peeling, and blistering from the date of purchase where two full coats of 724-series SharkSkin™ solid hide stain are applied according to label instructions. For full details of the Limited Guarantee, please see the SharkSkin™ product label available at your local Cloverdale Paint Store or Dealer.

Made in Canada

Ideal for mouldings, doors,
cabinets, shelving and more!

Renaissance

Interior/Exterior Waterborne Alkyd Enamel

TECHNICAL SPECIFICATIONS

INTENDED USES

A high Performance DIY Product, Institutional and Commercial Applications.

Ideal for Interior or exterior wood trim, doors, mouldings, drywall, cabinets, railings, fascias, and soffits. Suitable for primed ferrous or non-ferrous metal substrates including railings, shutters, gutters and downpipes. Also suitable for fibreglass and other engineered wood or composite surfaces.

CERTIFICATIONS

Environment Canada VOC compliant. Less than 55 g/L
LEED™ Non-Flat Compliant

BASES AVAILABLE

Gloss White 01103	Semi Gloss White 03113

V.O.C.

Less than 55 g/L

SOLIDS

39% by volume
51% by weight

FILM THICKNESS (per coat)

Wet: 3.2 - 4.5 mils (80 - 110 microns)
Dry: 1.25 - 1.75 mils (32 - 44 microns)

DRY TIME

Tack Free: 1 hour
Re-Coat: 24 hours

SPREAD / COVERAGE

350 - 500 ft²/gal (8.6 - 12.3m²/L)

TOOLS & TECHNIQUES

Synthetic Brush, roll or spray.
Airless tip sizes: .0011" - 0.013"

CLEAN UP

Clean tools and equipment with warm, soapy water. Contact your local municipality for disposal instructions.

Ideal for properly prepared and primed interior or exterior wood trim, doors, mouldings, drywall, cabinets, railings, fascias, and soffits. Suitable for primed ferrous or non-ferrous metal substrates including railings, shutters, gutters, downpipes. Also suitable for fibreglass and other engineered wood or composite surfaces.

Renaissance offers two sheen levels - Gloss and Semi Gloss with good flow and levelling performance combined with good sag resistance for easy application by brush, roller or spray. Excellent water and abrasion resistance to withstand repeated scrubbing and wear and tear. Good adhesion, coverage and weather resistance makes this product an ideal replacement for the older oil-based alkyd enamels.

Repairs and Service

To keep your state-of-the-art equipment operating smoothly, Cloverdale has Repair Depots to service your machine(s). Each facility has a Certified Technician trained by each of our suppliers that is able to handle all of your repair needs. The Repair Depots are certified to perform warranty repair work on Titan, Speeflo, Airlessco, Hero, Lemmer, Wagner paint sprayers and Mancorp pressure washers. Our Certified Technicians will also perform repairs on all other brands of spray equipment such as Graco and Kremlin.

Accessories

Cloverdale Paint stocks a wide selection of accessories for Airless, High Volume, Low Pressure Paint Spraying Systems, Line Stripers and Pressure Washers.

Rentals

Cloverdale Paint rents small contractor spray machines and pressure washers. Please call your local store for availability.
